Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Saturday 23 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wintry showers and sunny spells. Cold.

Today:
After a frosty and icy start, it will be a mixture of sunshine and scattered wintry showers throughout the day. These showers could be heavy at times, clearing by later afternoon. A cold day. Maximum temperature 4 deg C (39 deg F).

Tonight:
Any remaining showers will soon fade away to leave a dry evening with clear skies overnight. Feeling cold with light winds allowing for widespread frost and icy patches to develop. Minimum temperature -3 deg C (27 deg F).

Sunday:
A band of rain and snow will move in from the west during the morning and move southeastwards throughout the day. Snow could reach lower levels at times. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:
Dry and bright on Monday. A cold start Tuesday before rain and hill snow in the north arrives later. Milder on Wednesday with further rain the by evening.
